

Supporting Urology Practices

Dedicated Account Managers

CuraScript SD understands how important it is for Urology practices to be prepared and ready to serve their patients. With extensive experience successfully helping urology physicians, we know your success depends upon eliminating waste and reducing operating costs. CuraScript SD commits one dedicated Account Manager to work closely with you to recognize trends and select the portfolio of services and products that best meets the unique needs of your facility.

Customized Solutions

CuraScript SD provides integrated delivery solutions to safely and consistently distribute pharmaceuticals and medical supplies for urology physicians. In addition to a vast inventory, our services include competitive pricing on pharmaceuticals and supplies, rebate and contract management, multiple ordering choices with streamlined billing, and more.

Care That Goes The Extra Step

CuraScript SD continues to make it our goal to ensure access to the therapies you need to preserve and enhance patient care including:

- Biologics
- Branded and generic
- Vaccines
- Infused products and their ancillary supportive care items

- 340B
- IVIG, hemophilia factors, albumin and hyper-immunes
- Controlled substances
- Oral solids
- Topically applied products
- Devices

Meeting Your Needs

With increasing changes in the healthcare industry and ever-evolving products and services, we hope to alleviate challenges you may face with added personalized services and flexibility. We have the expertise required to anticipate your needs so that you can meet your patients' needs. Personalized services include:

- Integrated pharmacy/distribution services
- Exclusive and limited access to essential therapies
- Dedicated Account Management Team
- Simplified billing, flexible terms and easy ordering options
- Nationwide product fulfillment with next day delivery on most products
- Extended weekday service hours (8:30 a.m. to 7:00 p.m. Eastern)

Did you know?

Urinary incontinence affects 13% of women and 5% of all men at some stage in their lives.
