

SPECIALTY DISTRIBUTION

Did You Know?
CuraScript SD provides One-stop shop with customizable, unique solutions vs. a big box mentality.

Experience the Advantage

Market recognition as a national SD, with a full suite of expertise and offerings

01 | Specialty Distribution

CuraScript SD provides integrated delivery solutions for the safe and efficient distribution of specialty pharmaceuticals and medical supplies. We supply biologics, branded drugs, generics, vaccines, infused medications and ancillary supportive care products for office or clinic administration to a wide range of medical providers, including physicians, infusion centers, acute care treatment centers and long-term care facilities.

02 | Buy and Bill

The buy-and-bill process is for provider-administered outpatient drugs, a healthcare provider purchases, stores, and then administers the product to a patient.

In the buy-and-bill system, the provider is responsible for:

- Ordering and purchasing the drug
- Managing drug inventory at the practice
- Prescribing and administering the drug to a patient
- Submitting reimbursement claims for a drug and related professional services
- Collecting a patient's share of drug reimbursement—the copayment or coinsurance

03 | Customized Solutions

CuraScript SD is a superior provider of comprehensive distribution solutions that offer complete transparency throughout the fulfillment process. Our robust expertise in a variety of therapeutic areas allows us to understand and tailor customized solutions to meet the need of each practice. We specialize in providing seamless access to essential therapies and customized business solutions which enhance practice efficiency.
